

Grading for Final Presentation

*Note that the final grade will be determined as a function of these overall scores and reports of efforts toward the group project.

Group portion includes overall impression, aesthetic appeal, & communication at poster, worth 10 points

Individual portion includes the quality of the section for which you were responsible, worth 20 points, may be weighted according to individual and group reports of who was responsible for the section.

Poster #: _____

Group Members at Poster: _____

All of the following should be scored on a 1-5 scale, where 1 = below expectations, 3 = meets expectations, and 5 = exceeds expectations. The comparison should be made to other posters at the session and posters presented by undergraduate students at a similar level of training.
